

Invest in the well-being of people everywhere.

We know that EMDR works. We see the positive, often life-changing results in our practices daily. But, how does it work? That's the question asked by those being helped - our clients - as well as by those who wish to challenge the legitimacy of EMDR.

This year, because of the generous support of the EMDR community, the EMDR Research Foundation funded four grants totaling \$40,000. Two are engaged in answering the "how does it work" question. *We can't stop here!* To continue to move forward we need your financial support in order to fund high quality scientific research. You can help to provide the definitive answers as we strive to understand the neurophysiology of EMDR.

We are asking YOU to become a Charter Member* of the Visionary Alliance by making a minimum pledge of \$15 per month (that is the cost of one latte a week). Imagine what we could accomplish if every EMDRIA member joined the Visionary Alliance. **That's the \$810,000 Dream!**

Join the Visionary Alliance **NOW** or make your regular pledge **TODAY**. Be part of the solution and help to answer the perennial question of "How does EMDR work?"

Join us in making the dream come true.

*Charter Membership eligibility in the Visionary Alliance ends **12/31/11** as does the deductibility of your contribution on this year's tax return. All Charter Members will be eligible to win one of the prizes listed below.
